EDUCATION

Bachelor of Technology (B.Tech) – Computer Science Engineering Govindrao Wanjari College of Engineering and Technology, Nagpur	2023 – 2027
Diploma in Computer Technology Priyadarshini Polytechnic, Nagpur – First Class	2020 – 2023

TECHNICAL SKILLS

Languages: Python, JavaScript, Java, C++
Frontend: React, Next.js, Tailwind CSS
Backend: Node.js
AI / ML: Scikit-learn, Pandas, NumPy, RAG, LLMs
Databases: MySQL, Supabase
Tools: Git, GitHub, Vercel, Figma, Photoshop

PROJECTS

AI Mock Interview Assistant

- Architected an AI-powered mock interview platform combining real-time speech transcription with adaptive, context-aware question generation.
- Implemented automated focus and engagement tracking alongside in-browser code execution to simulate real technical interview conditions.
- Built automated PDF report generation, giving candidates structured, session-by-session performance feedback.

Redline Signal

- Engineered a real-time global risk and sentiment intelligence dashboard using FastAPI and Next.js, aggregating live data from Reddit, HackerNews, and public X/Twitter.
- Designed backend pipelines to process multi-source social feeds into unified sentiment and risk signals, surfaced through an interactive dashboard.

Ingenious Website

- Developed and deployed the official website for Ingenious, the official CSE branch forum of Govindrao Wanjari College of Engineering and Technology, using React and hosted on Vercel.

EngageVision YT

- Built an AI-powered analysis tool that evaluates YouTube thumbnails and generates actionable feedback to help creators improve click-through potential.

CERTIFICATIONS

- Oracle Cloud Infrastructure AI Foundations Associate – 2025
- Oracle Certified Generative AI Professional – 2025
- AI Prompt Engineering for Work Automation – 2026

ACHIEVEMENTS

- Selected as a Google Student Ambassador.
- Built and deployed multiple AI and full-stack projects from ideation to production.
- Active participant in coding contests and hackathons.
